

Recycling - Customers

“Take Back for Recycling” Programme

InZone Industries Limited offer a “take back for recycling” programme.

Product Preparation

Product must be clean and bagged into clear plastic bags to allow us to safely recycle.

Product Packaging Requirements

- Please note below the type of product you have and where possible, please supply photos.
- Once the form has been received, we will notify you with a date and time when the product can be delivered to our recycling area.
- A reference (order number etc) of the initial order would be helpful.

Product Type / description: _____

Reference No: _____

Photo attached: Yes No

If there is more than one bag, please note the weights in the table below.
