

WET AREA HATCHES

SET BEAD

FLANGED

Our Flanged and Set Bead Wet Area Hatches are available in a range of sizes. The frames are made in New Zealand in a White Powder Coated Steel Frame.

TYPICAL APPLICATION: Bathrooms | Laundries | Exterior Soffit.

FEATURES: Signex® Lid | Hettich German Concealed Hinges | Square Key Cam Lock.

SIGNEX

Signex board has a 3mm external skin over a solid foam core and is light weight, water resistant, has low thermal conductivity and is widely used in the graphics and building industry. Due to its low specific gravity and superior resistance to chemicals and outdoor exposure signex is the perfect material for all kinds of projects.

SIGNEX FEATURES: Hard, Smooth, Glossy Finish | Excellent Resistance to Chemicals | Lightweight | Superior Insulation | Excellent Impact and Structural Strength | Soundproof | Excellent Resistance to Weathering | Self-Extinguishing.
