## BENEFITS

### Lightweight, Easy to Handle + Install

Ecoustic® Drift is a modular tile that is easy to install and disassemble. Use the provided template to position the 4-way clips, then simply press the tile into place. The design can be easily extended at a later stage.

### Designed for the Environment

Ecoustic® Drift is based on low energy manufacturing and made from 100% polyester with a minimum of 50% post-consumer and post-industrial recycled content. The tiles are certified low-VOC and Greentag Level A Certified.

### Designed for Disassembly + Recyclable

Ecoustic® Drift has been designed for disassembly, with all components able to be fixed without the use of glues and adhesives, reducing the products environmental foot print and allowing for separation of materials for recycling at the end of product lifecycle. Ecoustic® Drift is recyclable through Instyle's Revive program.

### Warranty

Wovin provides a 12 month warranty against manufacturing defects. Internal installation only, outdoor use will void any warranty.
